The vast region known as Mongolia, with an area of about 1,367,600 square miles (200,-000 square miles more than that of the entire United States), lies to the west and northwear of China proper. It has a population of about 2,600,000, mostly nomads. A brisk caravan trade is carried on with Siberia and China. The imports at Urga, the capital, amount to about 38,000,000 yearly and the exports to \$5,000,000.
